*They came because they had to...  
They'll leave...if we let them?*

The Cerulean Star: LIBERTY, by award winning author, Sharon Cramer

### **Kansas, 2012**

When three alien children take their parents' ship out without permission, no one knows. They are caught unaware as a galactic tsunami sweeps them into a dark matter thread. Now they are lost, with no way home!

Two years later, the three aliens are still searching for a way back when they discover...Earth. A small forest in Kansas appears to be the perfect place to harvest oxygen. That is, until they are discovered!

The human kids are not the only ones who've seen the beautiful, blue ship. Now the six children—three human, three alien—struggle to rescue the Cerulean Star and regain its precious freedom.

All the while, they are pursued by...the
